

Please decide in favor of Indiana Attorney General Steve Carter and dismiss the Consumer Bankers Assoc. request concerning the Indiana "Do Not Call" list. This list is the best thing to happen to my family and Indiana in a long time. We can finally sit as a family and enjoy dinner without the phone ringing 3 or 4 times. If I am interested in purchasing something or taking a survey, I will contact the people I need to talk to, I don't need them calling me.

Thank you,
Andrew McLendon
